

Hands-on Organic Farm Manager Position Available

Comboyne Orchards - NSW Mid North Coast

Organic avocado and kiwifruit farm with its own packing shed and cold storage seek an experienced farm operator to oversee and participate in the operations of the farming business.

Prior experience in avocado or kiwifruit growing whilst beneficial is not necessary for an experienced farm operator interested in growing these crops.

Key Responsibilities:

- . Harvesting avocados and kiwifruit
- . Pruning kiwifruit
- . Organic weed control
- . Tractor work mulching and slashing
- . Fertilising
- . Farm equipment maintenance

Requirements:

- . Overseeing daily management of farm operations
- . Organising and allocating staff tasks
- . Coordinating or performing equipment maintenance
- . Leading by example with strong work ethic and effective staff management
- . Physically fit and capable of hands-on farm work

What we offer

- . Competitive salary and performance-based bonuses
- . A supportive and collaborative work environment
- . On farm 4-bedroom house available to suitable applicant
